Q&A

Vicente: Are we keeping Ray's interns?

Tias: There were many applications but none was hired. There are no interns that will be let go though. I am personally required to go through applications that haven't been looked at. I will have to do editing to the ER system to get through personal job requirements and hiring wages. Probably 100 dollars a month by agreement.

Vicente: Would that amount to \$6000

Tias: It might have to change if so depending on those who already applied

Vicente: I have a question on the change in wages since SFAC Reps are being paid too much.

Tias: given the amount people tend to work 10-15 hrs, 10 dollars an hour comes to 100 dollars a month. We have to give a reasonable amount to give one standard value and minimum wage is the most reasonable salary.

Vicente: Dear world wants to approach you separately to ask for funding outside

Tias: That is always available

Vicente: Regarding the ICE Raid and Beach Flats, homeland security, immigration custom, and the santa cruz police department scheduled for routine arrest for the Salvadoran gang. They are being detained after 5 year investigation. After working with the reporters it was confirmed that there are evidence of unlawfully searching and seizing of a home belonging to a documented family. Announce to SUA in hopes that SUA will help hold local governments accountable if the University made this issue more important.

Hector: Where are these facts from?

Vicente: We have conducted interviews with the families. Names are not given for privacy.

Tias: I have been following events about this issue. I am also sending out emails to different people who might know what's going on. I won't make any statements because I am getting bureaucratic responses. If there is a definite confirmation of what might have happened I will put up a resolution or discussion.

Vicente: Those who witness the discussion reporter cameron KZSC and coordinator from Beach Flats

Noah: There was a reporter?

Vicente: We did confirm facts today in the afternoon. Family members in questions went to a Spanish speaking network to relay what had happened. The only reporting on this had been focusing on gang raids.

New Business: 8:36PM

- Funding Request: SUA Concert featuring Khalid

- work with Hodayun for concert in spring April 29th. Worked with police and it has been approved. Shoot for 5 grand budget instead of 10 grand. Overall budget is 19,900 dollars. Would like to ask for SUA programming budget.
- Hodayun: worked with Jose known in the industry and gone out of our way to make sure that Khalid who we are inviting to perform is going to be someone popular with students. The last concert was the anderson pack Khalid hasn't performed at catalyst yet will be introducing him to the area and there will be a high interest rate. It will be during alumni weekend and will be working with alumni office a good way to celebrate. Gaging for student involvement to see that action in the Quarry and what students want. This is a worthwhile thing and hope that SUA can fund it.
- Tamra: Past two years surveys for SUA one of the biggest response was to put n concerts The last concert was Edge of Eden put on by SUA in Spring 2014. Problem with concert we paid 80 grand. Moving it to provide for students and be cost effective
- Hodayun: Currently there are no concert venue so a lot of costs are putting on a stage. Currently working to find a location. Maybe the natural amphitheater by the library putting the stage on the bottom or right in the middle of the quarry. Go through test trials to see if we can pull off having annual concerts.
- Please go back to spaces, There is \$12000 in general SUA fund and \$67000 in SUA programming.

Arleah: Productions of Color is happening that weekend and I don't know if this is a good date for Alumnae weekend.

Tamra: I will be fixing the times and having meetings to find the best schedule so there are no overlaps.

Samantha: Why are we pulling from our own line item?

Tamra: I really want this program to happen. It is only fair if I contribute this as well. If there are any questions feel free to email.

- SVSH Forum Discussion 8:45PM
 - Forum hosted for students that would cover a beyond compliance working group formed years ago within the administration with the purpose of "shifting campus culture around sexual violence and sexual culture to eliminate sexual violence all together"
 - Want SUA to sponsor or partnership (No fiscal element) for student to discuss this issue

- Have this event on Tuesday February 28th. Hold it in this building from 6-7:30 If anyone interested we would have to have a vote.

Tara: What does SVSH stand for?

Tias: Sexual violence and Sexual Harassment

Lily: What would the event entail? Is it a presentation or student discussion?

Tias: I am also very confused but essentially want to get members of inactive committee to get more student representation and engagement on what the general needs are from student populace. Informal question based discussion

Monse: Will they talk about the resolution or is it just a discussion in general?

Tias: The way it was presented the event will be presented. They will provide students who have decided to change policy because of event. A statement will be given.

Jonas: Did SVSH already reserve the OLC for that day?

Tias: Presume they have no reserved the room yet.

Jonas: concern of how they will get access to this space on a 6PM on a tuesday

Noah: How big are they accepting the turnout and how will the turnout affect the event

Tias: partnership helping to plan the event

Lily: Is there a backup plan if this room cannot be reserved.

Tias; They will probably find a space since they are part of the administration

Jonas: There is no Oakes Senate meeting next week so they will be cutting it short if they are realistically wanting this space

Katherine: Sounds like this is confusing I think it is more helpful to find more info

Tias: Looking for them to send us an official document of exactly what they want us to do. Want to come to this space because the org is being pushy.

Homayun: Coming from Kim Lao, assumption is that she already have the place lined up.

Resolutions: 8:54PM

- Resolution Calling for UCOP Statement on Mishandling of Title IX Assault Cases deliberation
 - Point of resolution calls upon university of California regarding inadequacy. Reform adjudication process on those faculty who resigned

Trevor: motion to adopt resolution

Lily: Second that motion

No Objections.

Vicente: How can we include items addressed last week in the letter?

Judith: The resolution has already been brought up to UCSA. But the letter after is also not drafted by us.

Vicente: When is the next meeting

Judith: next meeting is March 4th.

Closing Remarks and Adjournment: 8:58 PM

Jane: please go to Chloe if you came late. If you are absent your chair need to email parliamentarian the alternate.
