

Judith: So the costs are in addition to what you got for SOFA? Are there additional costs?

Sabina: Yes and the lodging includes additional costs such as taxes.

Yonathan: What is the rental costs for van?

Sabina \$140 per van and there are 2 vans for 4 days which equals \$1120. Additionally there is one car for the 4 days and that is \$45 for the car so that comes out to \$480 for 4 days. And there are gas cards as well.

Jane: Can you send budget to the assembly?

Sabina: Yes.

Tamra: When is that happening?

Sabina: Feb. 9th-11th

Next Order of Business

### **Last Week's Funding Request: Pagkakaisa**

Looking from last week the funding request is the same. A detailed PDF of their budget was turned in because that was a concern last week. Any questions on this topic?

Jeff: I think this is a good event, budget details are clear and funding towards. I like it and it celebrates diverse cultures. Motion to fully fund from Programming. Second from Sabina. Fully funding \$1450.

Tamra: Okay with funding everything except the shirts. We only fund events so they can happen. The advertising and decorations are necessary but shirts not necessary. Without fully funding the shirts, they still can put on this event and that is how we should be thinking about using the money. I motion to change the amount and to fund \$550. Keshav seconds.

Jane: New motion is to fund \$550. Is everyone clear on what just happened. If there are no more discussion, we will move on to vote.

All those in favor? 16

Motion passes. We will be funding Pagkakaisa \$550

Lastly

### **Resolution on over enrollment**

"That, whereas" is about people of the county of Santa Cruz concerned about UCSC expansion and how we are echoing their concerns. There is another example about how the housing situation sucks and this was reworded per Max's request so it's not that we don't want more

students, we want more resources on campus. We are open to more students when we have more resources.

Jane: There was a motion on the table to pass this. Someone would need to motion to lift this from the table and then someone would need to amend to pass it with this updated language.

Keshav: Motion to lift from the table

Jeff seconds

Are there objections.

Current motion was to pass this as it was last week, are there further discussions

Jeff motions to amend with the blue and to pass it. Stephan seconds.

Motion as it stands.

All those in favor? 22

Motion passes

Maxine: Please have fun!
