To the Student Union Assembly,

Under my duties as Internal Vice Chair of the Student Union Assembly and Article III Section A.2 of the SUA Constitution, I present my February 2015 monthly report and evaluation to the Assembly. I will outline all of my events, logistical planning, activities and constructive criticism with areas of improvement in hopes of providing a detailed account in this month's report.

Goals:

SCOC

We continued our weekly meetings of appointing people to committees as well as discuss outreach ideas for the sister college events. We also held our retreat dinner for the steering board to allow more bonding and time to get to know one another more outside a formal setting. Grace and I also took inventory of all the swag we have left over from last year and figured out what we needed to replenish and order again.

The Oakes and Eight sister college event did not go through due to the Oakes college not having a key to their sound equipment which didn't allow us access to audio equipment for the dance. We decided to reschedule and maybe do a collab with another event due to time.

We also tabled at the February Fest held at the MPR. We were able to have a good amount of sign ups and interacted with other clubs and organizations on campus and spread the word about SCOC.

Seismic Retrofitting

I have been attending SUGB meetings regularly every week to keep up to date on what they want in terms of potential space for SOAR, E2, and the office tenants of the Redwood Building. I've also met with EVC Galloway a few times to go over options and see what can be done to resolve the solution of not putting the organizations into the Crown pit.

I also co-wrote a resolution which the assembly passed to solidify the stance of SUA and show solidarity and support to the organizations that will be affected by this move next school year. As officers we also wrote a letter of support to the organizations addressed to EVC Galloway and Dean Alma Sifuentes to reinforce the resolution and our unwavering support throughout the process.

UCSC's Talent Show

I started to meet with Rashad to plan for the talent show put on every year for the last three years. We did preliminary planning, setting deadlines, and goals of what we want to see for this event this year.

Miscellaneous

The officers all had lunch with Sarah Latham to get to know her and vice versa and discuss any issues and topics we wanted to bring to her attention. I also attended a meeting and lunch with one of the UC Regents as well as one with the Student Regents. My staff and I met weekly to discuss the ESOC project as well as other goals that they had in mind.

In conclusion, I provide this summary as my report for the month of February 2015. If you have any questions please feel free to contact me at suaivc@ucsc.edu.

Respectfully,
Kaysi Wheeler
