To the Student Union Assembly,

Under my duties as Internal Vice Chair of the Student Union Assembly and Article III Section A.2 of the SUA Constitution, I present my January 2015 monthly report and evaluation to the Assembly. I will outline all of my events, logistical planning, activities and constructive criticism with areas of improvement in hopes of providing a detailed account in this month's report.

### **SCOC**

The steering board committee has continued to make appointments as applications are submitted and making sure committees' needs are met. We started to plan our sister outreach events that would start at the beginning of February as well as discussed when the quarterly C4 dinner will be. We also dealt with the SFAC matter by having the steering board draft a letter to the chair of SFAC and expressing their stance on the situation. The admin and I also took inventory of the SCOC swag that we had to see what needed to be reordered and restocked for upcoming events.

### **SUA Advisor**

We conducted four interviews for the final candidates for the SUA advisor position. I attended two of the four that didn't conflict with my schedule as well as filled out the evaluation forms. We hope to hear about the final decision made by the Dean of Students office sometime in February.

### **Student Regents**

The student regents came to visit the campus at the end of January. I attended a luncheon with them at the Chancellor's house as well as attended their presentation for students interested in applying for the student regent position for the next two years. Since then I have been promoting the position and helped someone with their application and educated them on the campaigns that are being promoted throughout all the UCs.

### **SUGB**

I have been attending the Student Union Governance Board to discuss the seismic retrofitting that will be happening all of next year to the redwood buildings. I

have been communicating information and updates between the officers, admin, and SUGB.

### **Staff**

I finalized the hiring of my staff and started to meet with them to discuss and start the projects I had in mind. We are focusing mainly on revamping and creating a council similar to ESOC.

### **Other**

I have met with fellow officers and Jose a few times to discuss Edge of Eden and the planning for the event.

### **Improvements**

In the SUA meetings, personal attacks and comments that are not appropriate to the topic at hand needs to be monitored a lot more and should not be encouraged by anyone. We are trying to create a non- hostile and welcoming environment for the Assembly as well as for any students wanting to come.

In conclusion, I provide this summary as my report for the month of January 2015. If you have any questions please feel free to contact me at [suaivc@ucsc.edu](mailto:suaivc@ucsc.edu).

Respectfully,  
Kaysi Wheeler
