To the Student Union Assembly,

Under my duties as Internal Vice Chair of the Student Union Assembly and Article III Section A.2 of the SUA Constitution, I present my March 2015 monthly report and evaluation to the Assembly. I will outline all of my events, logistical planning, activities and constructive criticism with areas of improvement in hopes of providing a detailed account in this month's report.

Goals:

SCOC

In week seven we held our C4 event where we had all the committee representatives come and report back on what they're respective committees discussed and worked on during winter quarter.

I also attended the last couple meetings of SFAC to hear the amendments being proposed as well as proposals that were being made by different organizations and groups.

Seismic Retrofitting

I met with SUGB as well as EVC Galloway to get an update on the project and the status of spaces for the tenants of the Redwood Buildings. Tentatively on the table are a couple of Cowell apartments, the usage of the Baytree conference rooms, the Crown senior commons and a couple more venues that are being looked into. I also inquired about storage space and EVC Galloway said she will look into getting storage for the tenants for the upcoming school year.

Miscellaneous

I presided over the March 3rd SUA meeting due to the absence of the Chair. The six officers and I also met with the Dean of Students to discuss the candidates for the SUA advisor position and we also met again with the candidates to help us make a final decision. Also I had meetings with my staff as well as meeting with Rashad to discuss UCSC's talent show that is being put on in spring quarter
