January 12, 2014

Student Union Assembly,

Under my duties of Organizing Director of the Student Union Assembly and Article III Section A Number 6 of the SUA Constitution, I present my November 2014 monthly report and evaluation to the Assembly. I will outline all my events, logistical planning, activities, and constructive criticism with areas of improvement in hopes of providing a detailed account in this month's report.

Activities for the month of December 2014

Committee Search for Director of Events/Facilities

The Dean of Students office has begun the search process for a new position that would assist students on events, but also be in charge of facilities such as the amphitheater. A committee of 6 composed of representatives from DoS, SOAR, GSC, ERC's, and undergraduates was made to review 12 applications. We narrowed this list down to 4 candidates that we will be phone interviewing in late January.

Office Hours

No one showed up to office hours during the last stretch of the quarter, which makes sense with finals looming. However, I believe the SUA should figure something out to do for the last week of school before finals to outreach and support students. We could focus on mental health, or supplying students with testing materials.

Colleges Tour

With the help of the Director of Engagement and Relations, Annie Choy, outreach has been made to all of the colleges' senates/governments/parliaments in an attempt to talk to students about what the Office of the Organizing Director is doing for the rest of the year, and how students can get more involved with SUA.

Interest List (Will be open the entire year)

I have created an interest list for students that want to participate in the SUA whether it be through college/organization representation, internships, volunteer opportunities, attending conferences, etc.. If you would like to be place on this list please email me your name, year and college affiliation (suaod@ucsc.edu).

Suggestions for Improvement

- Officer meetings went well to end the quarter, and I believe we are starting to be more open with each other. It's imperative that we work together Winter and Spring quarters
- SUA meetings need to be more educational. We just get straight into business about resolutions, and other subjects where we talk and talk for hours.

In conclusion, I provide this summary as my detailed report for the month of December 2014. If you have any questions, concerns, and/or criticism feel free to contact me.

Respectfully,

Brad Mleynek
