I. Notable Work

- A. Answered a number of communications, primarily regarding last Friday's SOFA deliberations.
- B. Began scheduling for a second round of administrative meetings.
- C. Printed, filled out, and delivered a form reflecting the SUA's sponsorship of the upcoming OPERS fee referendum.
- D. Attended the weekly assembly meeting, at which the following items were discussed (among others):
 1. The recent destruction of a large number of texts at UCSC's Science and Engineering Library
 2. The newly founded "Organizing Steering Committee" which will focus on promoting activism within the SUA.
 3. Approval of last weeks SOFA budgetary recommendations.
 4. The future identity of the SUA, an issue which led to the founding of an "SUA Overhaul Committee" (I've been told this this isn't a very catchy name, but in my defense, I came up with it as I was making the motion). This committee will be tasked with discussing how the SUA should serve students in the future and coming up with concrete changes that can be made to facilitate the realization of this identity.
