I. Notable Work

- A. Contacted a number of individuals to discern which of the candidates separated by yesterday's screening process had already been contacted and which would be receptive to a hiring process this late in the year.
- B. Spent some time considering priorities within the SUA, including whether primarily internal, long term matters, like officer one-on-ones or primarily external, demanding matters, like intern hiring, were more pressing. Rescheduled some tasks in my personal work timeline around the notion that actions with a greater impact on students should be prioritized.
- C. Finished drafting the email to be sent out to candidates for both intern positions, pending the scheduling of interview times with the SUA adviser.
