I. Notable Work

- A. Spent several hours researching and communicating with various members of the Santa Cruz community to collect concrete facts about today's ICE raids. Due to a lack of corroborated information, I fear I will be unable to propose concrete action to the assembly tonight as I had hoped. I will instead continue these communications and hope to get more actionable facts in the coming days.
- B. Spent a great deal of time communicating with others regarding a potential "beyond compliance" Title IX-based discussion that may or may not be co-sponsored by the SUA, GSA, and bodies within the administration. Despite a lack of concrete language, I plan to discuss the matter at tonight's SUA meeting.
- C. Discussed upcoming events with a number of the officers, including a potential SUA open house, new committees, and systemic constitutional changes.
- D. Attended an assembly meeting.
