## I. Notable Work

- A. Spent much of the day researching items put on the agenda for next Friday's meeting with UC President Janet Napolitano, especially items that relate to other schools in the UC system as well as larger incidents which took place off-site. Some large issues will include:
  - 1. Title IX allegations across all nine undergraduate-matriculating UC systems
  - 2. The housing crisis as it relates to schools outside our own
  - 3. Divestment from fossil fuels across the UC system
- B. Responded to a number of communications from SUA Treasurer candidates. New interview times will need to be opened to accommodate some individuals.
- C. Attempted to make a sign for tablings in the quarry. Created something entirely underwhelming; threw it away.
