## I. Notable Work

- A. Confirmed a series of times with Interim Dean of Students Lucy Rojas to meet and discuss admin relations. Hopefully, these meetings will result in a list of administrative members with which the student union has formed / might potential form working relationships.
- B. Plotted the current workflow of funding bodies within the SUA to be considered for future improvements, including line-items, meeting times, frequency of meetings, potential for holdover funding, and means used to conduct transfers and contact previously funded organizations.
- C. Spent a great deal of time researching and acquainting myself with the work of the UC Council of Presidents, with whom I'll be working this year leading up to and following a meeting with University of California President Janet Napolitano on the 24th.
