## I. Notable Work

- A. Attended the half-day meeting of the Committee on Planning and Budget.
- B. Discussed a number of matters with SUA Advisor Hodayun Etemadi, including:
  1. The compilation of a list of current Office of the President Employee Request tickets.
  2. The transfer of all applications previously sent in for consideration in Treasurer and general internship hiring.
  3. The possibility of his hiring an intern to assist him with general office hours, and to lighten his current workload. This plan strikes me as both feasible and allocatively efficient.
- C. Arranged to have standing permission to table in the Quarry on all upcoming Thursdays in the quarry. I plan to use this space to solicit student opinion on a wide variety of issues and to provide myself as a resource to the community at large.
- D. Began a revised version of the Office of the President Staff page on the SUA website which will account for a number of upcoming changes and acquisitions in the office.
- E. Met with Ami Gonzales, member of the Student Environmental Center, to discuss administrative plans to form partnerships with outside organizations in an effort to promote infrastructure improvements. Promised to lend my support in the future.
- F. Approved a small amount of funding for EVP Judith Gutierrez to rent a transport vehicle with which to bring food and personnel to various UCSA events being hosted locally this weekend.
