I. Notable Work

- A. Spent the duration of the day at the UC central office in Oakland, working on a number of projects:
 1. The quarterly Council of Presidents meeting with University of California President Janet Napolitano
 2. Interviews for the newly founded positions of Student Adviser to the UC Regents
 3. Various informal meetings with elected students from other schools in the UC system
- B. Attended the weekly Assembly meeting, at which the following items were discussed (among others):
 1. A resolution to reinstate Professor Nandini Bhattacharya
 2. A recent Housing Survey conducted by the Office of External Affairs
 3. A lengthy discussion about the reinstatement of a candidate who was recently disqualified from the SUA election
 4. A number of funding deliberations
 5. A number of endorsements for various initiatives discussed at last week's meeting

II. Other Notes

- A. I actually broke my productivity calculation heuristic by spending more hours working than the maximal number the system predicted I had to spend. Much of this was just driving to and from Oakland, however, so that should be taken into account. All in all, I was working on SUA business from 7:00 AM to 11:30PM.

Raw Productivity Score: 160.00%
