

Student Union Assembly (SUA), College Ten

1156 High Street, Santa Cruz, CA 95064
Student Union Assembly 2nd floor, c/o Soar

December 1, 2013

Dear Chair Shaz Umer,

Under my responsibility as one of College Ten Senate representatives of the Student Union Assembly and Article III Section A of the SUA Constitution, I present my 2013 fall quarter report and evaluation to the Assembly. This quarter I held weekly office hours every Monday morning at 10 am in the Stevenson Café, where I answered student’s concerns and received student input on resolutions discussed in the SUA meetings. I also attended mostly all fall senate meetings and gave a concise report of all SUA topics to senators so that they could have accurate information in making a decision for College Ten students. Some things in which I would like to work more on for next quarter are getting more involved and helping spread the word on organizations and events held in school. By doing this I will be able to give a wider report to students on events and help the student body become more interactive within the campus.

Quarterly update on events of the college/organization:

Senate tabled at college night	10/16/2013	complete
Held weekly office hours at The Stevenson Café	10-12/2013	In progress
College Ten Senate Meetings	10-12/2013	In progress

Fall Quarter review areas of improvements:

- I would like to see all members name and organization called out when voting.
- There should be designated seats for all SUA members, and all members should be visible to the chair.
- I would like to see the SUA website updated with each representative’s office hours and location.

In conclusion, I hope that by providing this detailed summary of Fall Quarter 2013 I was able to keep everyone updated on my role as College Ten Senate SUA representative. If there are any questions or concerns, please feel free to contact me.

Respectfully,
Leslie Gonzalez
College Ten Senate SUA Representative
