December 2014

Dear Student Union Assembly,

As one of three SUA Representatives for Cowell College, I present my December 2014 monthly report to the Student Union Assembly. This report will attempt to go over my actions in my role as a college representative for Cowell, the various festivities/events at my college during this duration of time, and goals for the future.

Goals and projected timeline for the month of December between December 1st– December 31st

Tasks	Progress Dates/Timeline	Tentative Completion Deadline
Attend SUA Meetings	10/21/14-Present	Ongoing

Completed projects, campaigns, events, tasks, or activities

- I received no visitors to my office hours in the month of December. I am more than willing to talk to anyone who has a question about anything, related or not related to SUA/student government. As in my last report, I hope to have more visitors in the future, and am more than happy to move my office hours to accommodate people’s schedules. I urge the students to use my office as a resource, to be heard, and to understand what is going on in their government.
- Many activities occurred in Cowell Senate during this time period, including but not limited to
 - As mentioned in my last report, Cowell has had a great abundance of people in Senate for the Academic year of 2014-2015. New Member poetry amazingly still continues, with very few left to do by the end of December. The late start of Senate was continued, and will most likely continue in the following year.
 - Funding requests from various Student Organizations (such as the Chinese Student Association, Hack UCSC, Red Wheelbarrow, to name a few). We almost totally exhausted our designated funding for the quarter, which was deemed a great success
 - Field trip ideas were thrown around, with the Senate confirming a date in January. The location is still not determined nor set in stone, but will most likely be outside of Santa Cruz (potentially in San Francisco or San Jose).
 - Committees

- In the SUA, I participated in many different initiatives and discussions, including:
 - I was the primary sponsor of the Water Reduction Resolution created by CALPIRG, and helped see its passing in the SUA.
 - I attended and contributed to the emergency discussion of the Tuition Increase.
 - I found a new niche in the SUA
 - I plan to

Finally, I provide this monthly report for the month December 2014 as a Cowell Representative in the Student Union Assembly. If anyone at all has any questions regarding my activities during December 2014, or my plans for the future, I would encourage contact with me through email (sahoward@ucsc.edu), phone (831-713-7707), or drop in at my office hours (TBD, but most likely Tuesdays, 9-10AM at the Cowell DVD Library).

Yours,

Seamus Howard
